About This Report

SAMPLE

This new report includes pricing information for Ty Beanie Babies including Alphabet Beanies, Beanie Babies 2.0, and PinkyS.

Plus, you will find a link for each item that will bring you to a page on SmartCollecting.com, that will give you additional information including sales charts from MetaExchange and photos, plus a listing of current auctions on Ebay (when available). I have also included the results of 26 recent completed auctions on Ebay for some rare Beanie Babies!

The prices you will see in this report are real market prices!

These are not estimates but the actual price the item sold for on MetaExchange* and/or the current retail internet price as of June 1, 2008. MetaExchange works like a trading floor where buyers and sellers can post the price they are willing to pay for an item or the price they are willing to sell an item.

Please be aware:

1. The META PRICE may reflect a single item purchase or a multiple quantity.
2. Neither the META PRICE nor the RETAIL PRICE includes shipping.
3. Due to a lack of recent transactions on MetaExchange, the METAPRICE may be outdated.
4. If no price is shown, there has not been a transaction for that Beanie Baby on MetaExchange, and/or the beanie was not for sale on the Internet Store.

*If there had been no previous sales, but there was currently a "Buy Now" price, the "Buy Now" price was used.
